**The purpose for this material:** There are very few Bible Studies that encourage Christians of all ages to study God's Word. This study was written for young people to enable them to get into the Word. The purpose for this study was to stir them up to study and practice God's Word on a consistent basis. Although written for young men and women, the more mature Christians have found it as a valuable resource as well.

If you find this study a helpful resource, you might consider donating to this ministry to encourage and ensure further quality material for others.

#### Chapter 25

In this chapter we read how Festus became the new Governor at Caesarea. Felix, the former Governor's woman, Druscilla, was a daughter of Herod, and had been married to another king. Felix lured her away from him. So, their relationship was sinful. Perhaps that is one reason Felix procrastinated about becoming a Christian. Their wicked relationship would have to end. Also, it's very interesting to read about Caesarea if you have a Thomson Chain Reference Bible, or a Bible Dictionary. Caesarea was the Roman capital of Judea in the time of Christ and Paul, was located by the sea, thirty-two miles north of Joppa, and some sixty miles northwest of Jerusalem.
